Our Collections

At The Caliroots, every piece is a celebration of refined style and modern versatility.

Our **Men's Collection** unfolds with elevated essentials—crisp shirts, statement T-shirts, tailored denims, sophisticated trousers, relaxed lowers, and outerwear that transitions seamlessly from day to night, including jackets, shackets, hoodies, sweatshirts, sweaters, bombers, and timeless coats.

Our **Women's Collection** is an ode to elegance and individuality, featuring sculpted denims, effortless cargos, chic T-shirts and tops, contemporary lowers, culottes, co-ord sets, and a range of layering classics—from coats and jackets to cardigans, sweaters, hoodies, sweatshirts, and tracksuits. Each silhouette is thoughtfully designed to blend comfort, confidence, and couture-inspired detail.

At The Caliroots, clothing is not just worn—it is experienced.

Our Vision

At The Caliroots, we envision evolving into a truly national brand—one that resonates deeply with the spirit of modern India. With a strong retail presence across the country, our journey begins with flagship and concept stores in key metropolitan cities and emerging fashion destinations. Each space will be more than a store; it will be an immersive experience that embodies our streetwear identity, creativity, and culture.

By making Caliroots accessible across regions, we aspire to inspire individuality, embrace diversity, and redefine contemporary fashion for the Indian youth. This pan-India expansion is not merely about growth—it is about shaping a movement, a lifestyle, and a culture that belongs to the next generation.

Our Mission

At The Caliroots, our mission is to empower individuality and celebrate self-expression through bold, trend-driven fashion. We believe clothing should be more than style—it should be an experience that inspires confidence and reflects personality. Every piece is crafted with a focus on quality, comfort, and contemporary design, ensuring that our community embraces fashion not only as what they wear, but as a true extension of who they are.

Our Design Inspiration

At Caliroots, our essence is drawn from the vibrant, free-spirited lifestyle of California streetwear. Rooted in surf-skate culture, the energy of West Coast music, and the urban rhythm of Los Angeles, our identity reflects a balance of ease and boldness. Relaxed fits, oversized silhouettes, and graphic-led details define our signature aesthetic—where comfort meets effortless cool.

Guided by seasonal drops and evolving global trends, each collection blends international streetwear influences with local Indian sensibilities. From nostalgic Y2K revivals to refined minimalism, our designs remain timely, expressive, and future-facing. Distinct palette—from soft pastels to vivid neon colours—pair with premium fabrics like sustainable blends, denim, and textured knits. Finished with tie-dye, checkerboard, graffiti, and abstract patterns, Caliroots creates fashion that empowers individuality with confidence.

Sustainability & Ethics

At Caliroots, we believe fashion should honor both style and responsibility. Our commitment to sustainability begins with consciously chosen materials—organic cotton, recycled fabrics, and low-impact dyes—ensuring every piece is as gentle on the planet as it is refined in design.

We collaborate exclusively with ethical, transparent manufacturing partners who uphold fair wages, safe working environments, and responsible labor practices. Each garment is crafted with care, respecting both people and the planet.

While we are in the process of securing formal sustainability certifications, our journey toward a greener future has already begun. From reducing plastic in packaging to optimizing production for minimal waste, we continue to expand eco-conscious initiatives—aligning our growth with a mission of truly responsible fashion.
